## **SOIL PH METER**

## Model : PH-212

*ISO-9001, CE, IEC1010* 

**LUTRON ELECTRONIC** 

The Art of Measurement

## SOIL PH METER Model : PH-212

## FEATURES

- Kits with pH meter, soil pH electrode, pH 4.0 /pH 7.0 standard buffer solution and carrying case.
- \* Spear Tip pH electrode (included), ideal for penetration pH measurement into soil, meats, cheese and other type of measurements requiring sample penetration. The electrode features a very durable glass measuring spear packaged in a rugged virtually unbreakable epoxy body.

\* Build in Slop ( pH 4, pH 10 ) and Cal. ( pH 7 ) adjust VR.

\* Large LCD display.

\* Easy operation, compact size.

\* Water resistance on the front panel.

\* Full line optional general purpose pH electrodes.

\* Application : Agriculture, Gardening, Food industrial, Education, School, Colleges, Laboratory, Industrial and Quality control.

| SPECIFICATIONS         |   |                          |  |  |  |
|------------------------|---|--------------------------|--|--|--|
| Display<br>Measurement | 13 mm ( 0.5" ) LCD, 3 1/2 digits.<br>0 to 14 pH x 0.01 pH | Operating<br>Temperature | 0 to 50 $^\circ\!\!\!C$ ( 32 to 122 $^\circ\!\!\!\mathrm{F}$ ) |  |  |
| Range                  |   | Operating                | Less than 80% RH.  |  |  |
| Resolution             | 0.01 pH   | Humidity                 |  |  |  |
| Accuracy               | ± 0.07 pH ( pH5 - pH 9 )                                  | Calibration              | External pH 4 ( slope adj.) &                                  |  |  |
|                        | ± 0.1 pH ( pH 4 - pH 10)                                  | Knob                     | pH 7 (Cal. adj.).  |  |  |
|                        | ± 0.2 pH ( pH 1 - pH 3.9,                                 | Power                    | Approx. 2.0 mA.  |  |  |
|                        | pH 10.1 - pH 13)  | Consumption              |  |  |  |
|                        | * Main instrument only.                                   | Dimension                | 135 x 60 x 33 mm,  |  |  |
|                        | * 23 ± 5 °C   |                          | ( 5.3 x 2.4 x 1.3 inch ).                                      |  |  |
| Input                  | 10^12 ohms.   | Weight                   | 196 g/0.43 LB ( including battery ).                           |  |  |
| Impedance              |   | pH electrode             | Any connector pH Electrode with                                |  |  |
| Temperature            | Not necessary to make adjustment.                         | (Optional)               | BNC connector.   |  |  |
| Compensation           |   | Standard                 | Instruction Manual 1 PC.                                       |  |  |
| Sampling               | Approx. 0.4 second.                                       | Accessories              | Soil pH electrode, PE-06HD 1 PC.                               |  |  |
| Time                   |   |                          | pH 4.0 buffer solutuin, PH-04 1 PC.                            |  |  |
| Hold Function          | To freeze the display reading value.                      |                          | pH 7.0 buffer solutuin, PH-07 1 PC.                            |  |  |
| Power Supply           | 006P DC 9V battery.                                       |                          | Carrying case, CA-06 1 PC.                                     |  |  |

| SOIL PH ELECTRODE (Included) |   |               |                                  |  |
|------------------------------|---|---------------|----------------------------------|--|
| pH Measuring                 | 1 to 13 pH ( typical 0 to 14 pH ).                        | Repeatability | 0.05 pH.                         |  |
| Range                        |   | Response time | $\geq$ 2 minutes.                |  |
| pH Operation                 | 5 to 60 $^\circ\!\!C$ ( 41 to 140 $^\circ\!\mathrm{F}$ ). | Body Material | Ероху.                           |  |
| Temperature                  |   | Connector     | BNC.                             |  |
| pH Electrode                 | Combination type.   | Mechanical    | With protection bottle (soaker   |  |
| Structure                    |   | Protection    | bottle ) on the electrode head.  |  |
| Reference                    | Ag/AgCI, Double Junction.                                 | Weight        | 68 g (including cable & socket). |  |
| of pH                        |   | Dimensions    | Body length - 160 mm.            |  |
| Electrode                    |   |               | Body Dia 12 mm.                  |  |
| Zero Potential               | 7±1 pH.   |               | Cable length - 1000 mm.          |  |
| for pH Value                 |   |               |                                  |  |
